# About Us

Studio Seven offers a range of concept, design, build and branding services through to project management, equipment specification and supply.

Our process of design whatever the scale of the project starts with listening- we listen to the individual, the community, architects and engineers.

We have experience of working with a wide range of stakeholders balancing different needs and budgets.

“Good design is aesthetic, practical and comes in on time and on budget”

Jason Kelvin, Studio Seven Creative Director.

We design and produce all our projects working with skilled professionals across many disciplines.

Imagine - Design - Visualise - Produce

# Design

Studio Seven work on a variety of design projects from large interiors to mobile environments - bringing your ideas to life in the heart of the community.

We can also help promote your ideas with visualisations, branding and models.

We use a variety of techniques to bring your concept to reality, including collage, models, prototypes and CAD.

We work on a wide variety of projects including-

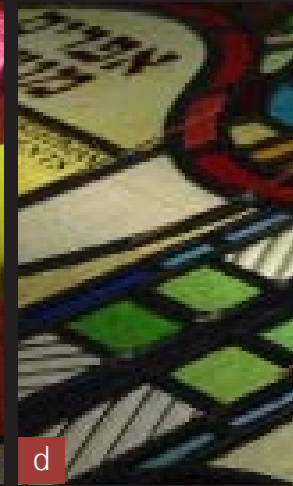

- Art Direction
- Audio & Visual
- Branding
- Brochures
- Campers
- Exhibition
- Furniture
- Interior Design
- Lighting
- Mobile Units
- Multimedia
- Prop Design
- Set Design
- Theatre Design

# Interior

Creating interior spaces from Moroccan garden through to shabby chic, Studio Seven designs interiors to suit any space.

Our expertise in theatre design and designing sets for stage informs our interior work where we specialise in designing and fabrication. From bespoke prints on floors through to CNC cut table tops and hand crafted seating units.

We love lighting. Working in the theatre means it's integral to all we do whether its setting the mood or creating a one off centre piece.

g Interactive exhibition with multimedia screens.

# Mobile Units

Studio Seven has successfully developed projects that have engaged, educated and entertained. From parks in Central London to exhibition centres and shopping centres.

From concept design to completion we ensure products are ready to go with fully equipped vehicle and fully trained staff.

Our experience means nothing is left unaccounted for, we provide detailed budgets and project management.

**e** Mobile therapy unit van and branding.

**f** Street food units for Bagel Bus with sink, fridge and storage modules achieved 5 star food hygiene rating.

**g** Rolling Base and Rolling Base Max.

# Our Campers

At present we have a purple production camper 'Rhubarb' - fitted out with kitchen, PA system, DVD player, dropped low with tinted windows.

Rhubarb has been used for photo shoots and appeared on the Channel 4 at V festival.

Our first camper "Filmore" was rescued from a field and after a full bespoke re-fit turned from a deep rusty red into a vibrant turquoise - She was talent spotted on the street and snapped up.

"For a photo shoot and special promotion 'Rhubarb' got her own teardrop trailer".

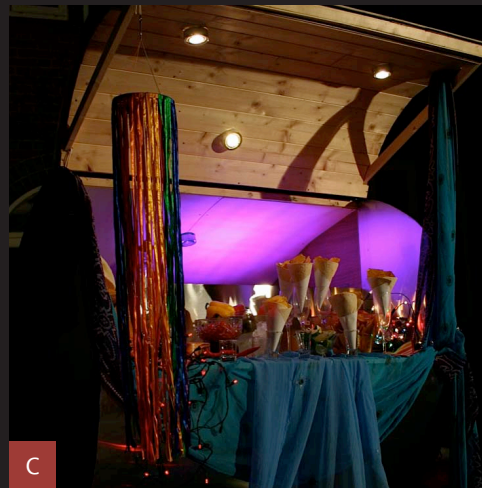

Iconic, Functional and fun, Our VW evokes the spirit of what we do at Studio Seven.

c Our teardrop trailer.

d Filmore and her bar.

e Filmore - our first camper.

f 'Surfbordeo' lighting and DVD roof panel.

g Rhubarb's kitted out interior.

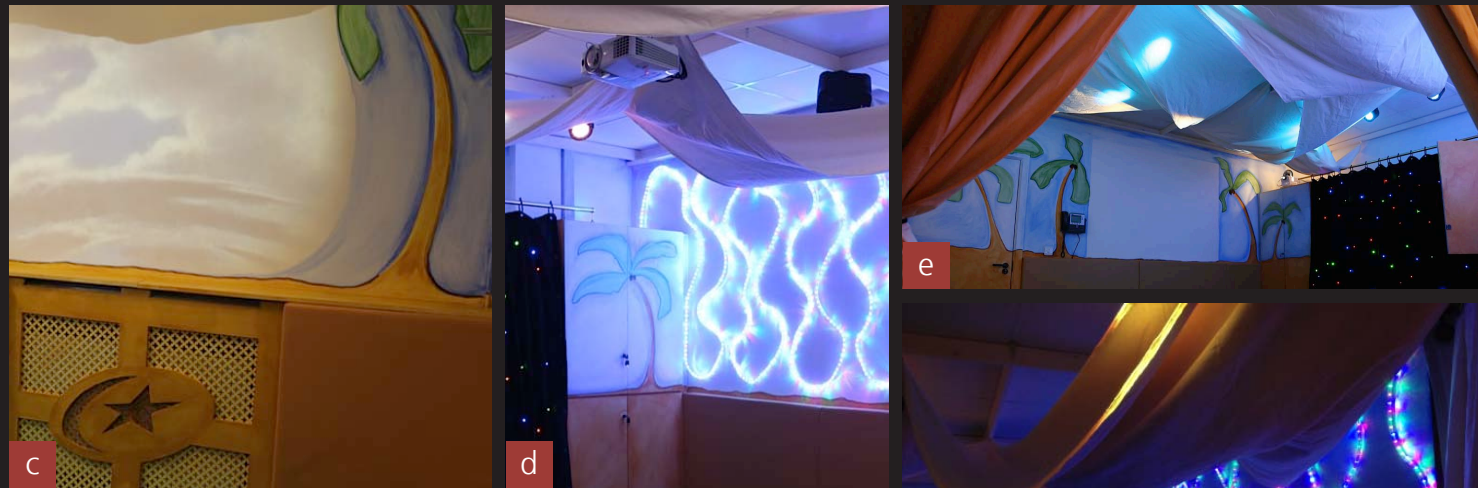

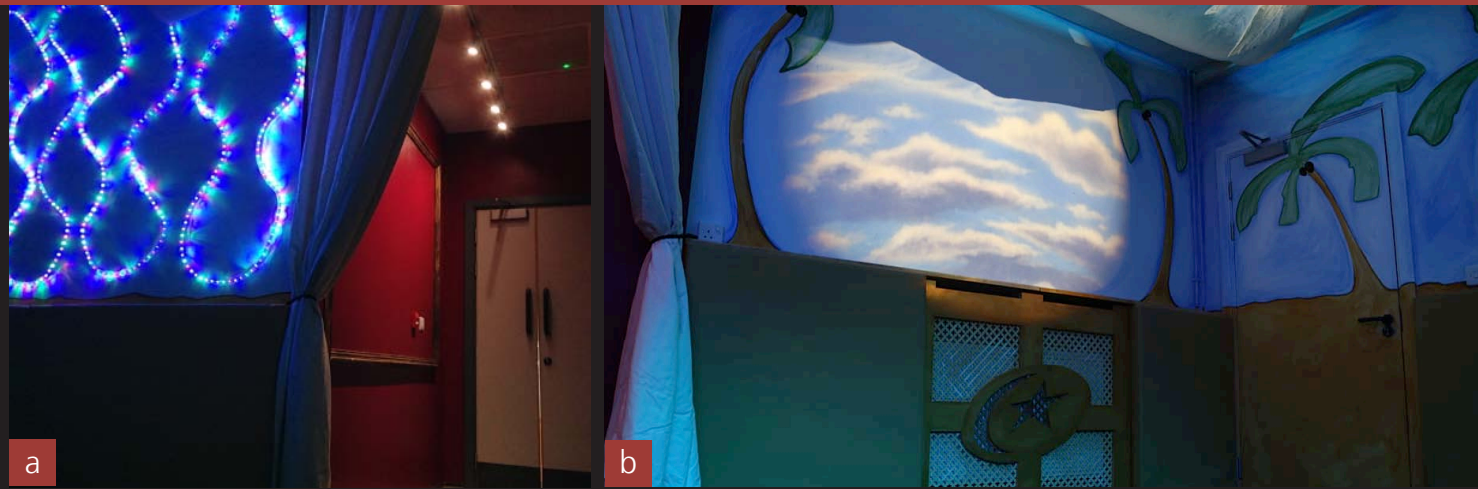

# Sensory Rooms

Our sensory rooms use light sound and a range of specialised equipment to create an environment that can be used for sensory stimulation with light sound and texture as well as breakout relaxation sessions.

We work closely with the client to deliver an environment and range of equipment that works for the individual user groups.

Our approach is to intergrate technologies with a strong design asthetic and practical working solution.

From ipad controlled devices, projectors, control centres, hand painted bespoke units and murals Studio seven offers a complete design and installation solution.

**a** Curtain and Tube Lighting.

**b** Omni Cloud Projector.

**c** Customized interiors for client.

**d** Cabinet design for specialist equipment.

**e** Hand painted wall design.

**f** Projector installation.

**g** Sail design to enhance lighting ambiance.

# Technical Support

Studio Seven offers design, supply and installation of theatre and performance space.

As a design company we can offer bespoke technical solutions to suit all environments and budgets.

From sound systems, lecterns and racked control units to lighting rigs and scenery construction. We can offer onsite and location support even catering.

f Set design model.

# Production

Studio Seven take ideas and make them a reality.

## ■ Fabrication

We manage all aspects of installations and fabrication to ensure a fully integrated approach. From cabinet makers to electricians, artists and machinists we work to ensure a well planned and timed project.

As well as delivering your project we offer training and aftercare.

## ■ Training

We have designed and written training manuals for many of our projects - these include practical visualisations for set-up as well as reference and maintenance information to ensure a smooth running of your project.

## ■ After Care

Studio Seven prides itself on offering bespoke "After Care", packages for all its projects - from manuals and training, through to services, testing and maintenance we offer tailored packages for your projects or system.
